Subject: Re: Hurricane Staff Support. NEIC ready ASAP

Hi Mike - I can confirm tomorrow morning but I believe they will be available. However Jake and Jeremy who arrived for work yesterday are from our field group and are the ones trained like an OSC. If I may, I would suggest swinging them into these positions and having David and Richard take over the roles they're currently playing. Regardless, happy to send more folks down to help. Will touch base in the am with their availability and anyone else whose schedule opened up this week.

Thanks
Erica

Hey Erica –
We need a couple of OSC types to do hazard evaluation starting later this week, would David and Richard be available?

Thanks,
Mike

No.
Let me work through that issue. We have another region sending 10 people tomorrow which has caused a bit of a bottleneck.

Thanks –

Hi Mike - David Parker and Richard Helmich checked in with me last night and said they never got their mob packets. They are still ready to leave tomorrow but please let me know if there's been a change of plans.

Thanks
Erica

Erica –
Thank you so much!
I am going to schedule these guys to travel on Friday and report on Saturday.
I will send out mob packets to them today.
I am trying to find some ID clothing, will let you know.

Thank you.
Mike

Correction to Jeremy's last name – its Deyoe.

Hi Mike –

Jeremy Deyeo and Jake Stowell are the first choices for us. Additionally, I can offer you Richard Helmich and David Parker. Please let me know if you want the GMAP van which comes with 2 staff.

Thanks
Erica

Hey –
Who are the 2 folks that you have that can deploy tomorrow to be community liaisons?

Thanks,
Mike

Subject: Fwd: Hurricane Staff Support. NEIC ready ASAP

Susan/Dave- FYI NEIC has two field staff ready to deploy ASAP if needed.
Note the additional NEIC resources are also attached.

I know that Erica has forwarded this info to Ronnie, Craig and John.
Apologize if this is a duplicate of info you already have.

Please coord directly with Erica Canzler m 202-431-3146.

Be safe,

Mike

Subject: Hurricane Staff Support

EOC -- here is an update on NEIC's available staffing to support either Harvey or Irma.

I have 2 fully trained field personnel ready to deploy this week should you need them. In addition, I'm attaching two spreadsheets -- field staff availability for September and October that includes their training and qualifications and lab staff availability with qualifications at the bottom (either to analyze samples for you here in our lab or to deploy to support mobile labs in the field that need additional personnel such as PHILIS). I would also offer that if needed, you could consider using the lab volunteers in the community liaison positions but it may be best to reserve them for analysis as sampling revs up.

NEIC is happy to support, please let me know if there is a more appropriate contact to share this information with, due to the urgency to build up numbers I wanted to make sure you had it directly as many folks are available and ready to help.
